

Sharing the love of Reading

There is an exciting opportunity available for you to enjoy listening to children's authors reading aloud their own books online. Follow the link below to access this. It will take you to a website with a long list of different authors and you can select who you would like to listen to. Some are available directly through the website, others are available to watch on the author's own website, and others are available through Facebook or Instagram (which would of course require permission and access from your family).

Also, Audible (an Amazon company) has launched an Audible Stories service for children.

'For as long as schools are closed, we're open. Starting today, kids everywhere can instantly stream an incredible collection of stories, including titles across six different languages, that will help them continue dreaming, learning, and just being kids.

All stories are free to stream on your desktop, laptop, phone or tablet.

Explore the collection, select a title and start listening.'
