INTRODUCTION

We celebrate the fact that many of our children speak more than one language and acknowledge their ability to use a variety of community languages. In our school the teaching and learning, achievements, attitudes and well-being of all children are important. We encourage all children to achieve the highest possible standards. We do this through taking account of each child's life experiences and needs.

A number of our children have particular learning and assessment requirements, which are linked to their progress in learning English as an additional language.

Children who are learning English as an additional language have skills and knowledge about language similar to monolingual English-speaking children. Their ability to participate in the full curriculum may be in advance of their communicative skills in English.

AIMS

The EYFS and National Curriculum secures entitlement for all children to a number of areas of learning and gives them the opportunity to develop the knowledge, understanding, skills and attitudes that are necessary for their self-fulfillment and development as responsible citizens. We promote the principles of fairness and justice for all through the diverse education that we provide in our school.

The aim of this policy is to help ensure that we meet the full range of needs of those children who are learning English as an additional language. This is in line with the Equality Act 2010.

At RMS, teachers take action to help children who are learning English as an additional language by various means.

Developing their spoken and written English by:

- ensuring that vocabulary work covers the technical as well as the everyday meaning of key words, metaphors and idioms;
- displaying key vocabulary;
- explaining how speaking and writing in English are structured for different purposes across a range of subjects;
- providing a range of reading materials that highlight the different ways in which English is used;
- ensuring that there are effective opportunities for talking, and that talking is used to support writing;
- encouraging children to transfer their knowledge, skills and understanding of one language to another;
- building on children's experiences of language at home and in the wider community, so that their developing uses of English and other languages support one another;

Ensuring access to the curriculum and to assessment by:

- using accessible texts and materials that suit children's ages and levels of learning;
- providing support through ICT, video or audio materials, dictionaries and translators, readers and amanuenses;

CURRICULUM ACCESS

All children in our school follow the curricular requirements of the Early Years Foundation Stage and the National Curriculum. Children with English as an additional language do not produce separate work. In the EYFS we plan opportunities for children to develop their English and we provide support to help them take part in activities as needed.

The curriculum helps children learning English as an additional language by:

- building on children's experiences of language at home and in the wider community, so that their developing uses of English and of other languages support one another;
- providing a range of opportunities for children to engage in speaking and listening activities in English with peers and adults;

ASSESSMENT

We closely monitor and track the progress of these children and if necessary seek further advice.
